## Go for Gold: Shaping the future of bladder management in Indigenous communities

### Presenters:

**Natalie Kameka**  
BScN, RN, NSWOC,  
MCISC-WH

*Clinical Consultant  
Coloplast Canada*

**Shelby Payton**  
Consumer Care Manager  
Coloplast Canada

**7 Generations**  
Partner

### Main Objectives for the Webinar:

- Highlight the Coloplast mission to drive innovative continence products and services
- Recognize Intermittent Catheterization as the gold standard for bladder management
- Utilize Canadian Best Practice Recommendations to navigate catheter choices
- Review support/education services for catheter users
- Review catheter coverage through NIHB and how to access products with our partner 7 Generations
